

The Paducah Evening Sun.

VOL. XXVI NO. 85.

1 PADUCAH, KY., FRIDAY EVENING, OCTOBER 8, 1909

TEN CENTS PER WEEK

COMMITTEES COST THE COUNTY A GREAT AMOUNT

Contents T. N. Hazelpip in His
Speech at Florence Last
Night.

Nearly Every Fund Has a
Big Deficit.

GREAT INTEREST IN MEETING.

Some facts and figures regarding the extravagance and mismanagement of the county Democratic machine were given the voters of Florence Station last night by Thomas N. Hazelpip, Republican nominee for county judge. Although Florence Station is a Democratic stronghold the packed school house listened to the facts of the misappropriations with rapt attention, but applauded the Republican nominee as frequently as the Democratic nominee. County Attorney Alben Barkley in his reply did his usual dodging of the issues, and in a speech marked for eloquence and jokes.

Mr. Hazelpip said the people of the county have been joked enough by the Democratic administration, and from the evidence after the speaking he won many votes. He was entirely impersonal in his address, but with his study of the records of the fiscal court was able to tell the voters how their money has been spent recklessly.

For the first time in his campaign Mr. Hazelpip took up the item of committee work. Three years ago he said the fiscal court voted to allow money at the rate of \$3 a day to each member whenever a committee met. During the first year the bill for committee work amounted to \$560 and last year the taxpayers had to face a bill of \$1,301. So far this year he said the records showed \$947 had been expended for committee meetings. Mr. Barkley failed to mention the committee work in his speech.

The county sanitarium was brought into the limelight and Mr. Hazelpip pointed out that it cost the taxpayers of McCracken county \$30,000 to erect the home and purchase eleven acres for the paupers. He said that it was evidence of extravagance especially when the county was carrying a bonded indebtedness of \$450,000 and paying interest. Mr. Hazelpip said if it had been necessary to spend \$30,000 for the poor why not have purchased a good farm and erected a substantial but not an extremely costly building for the paupers. He said that the farm could have made the institution pay instead of paying out \$4,000 a year for the support of the county sanitarium. Mr. Barkley made the point that Mr. Hazelpip wanted the paupers and poor to work on the farm, but he made no mention of it, and in his rejoinder denied it.

Taking up the finances of the county, Mr. Hazelpip showed that the county carried a bonded indebtedness of \$450,000 with \$150,000 becoming due in 1913. July 1 there was a deficit in the pauper fund of \$7,921.25, while there was paid into the fund \$12,522.35, leaving about \$4,600 to run the paupers until next July. For the county levy fund the records show there is a deficit of \$29,826.24 and in 1908 \$31,018.42 was paid into the fund, leaving about \$200 to run the county for the next twelve months. In the road and bridge fund a deficit of \$11,255.89 was shown with an appropriation of \$23,000 for the two new bridges and with \$31,408.11 paid into the fund, thus leaving \$200 to repair roads and bridges until the next taxes are received. He also cited that two Paducah banks held paper to the value of \$57,200 with the county paying interest on the amount, and still the county was behind the times in improvements.

Regarding the Smedley settlement which relieves the bonding company's liability, Mr. Barkley admitted that he received his commission of \$316 for making the settlement with the bonding company. In defense Mr. Barkley said it was due him for sending out notices, but he failed to answer the charge that the 10 per cent interest prescribed by law was not collected. Mr. Hazelpip presented figures that at least \$4,000 should have been turned into the county for Smedley's failure to report delinquent taxes instead of the \$1,266 that the county received.

In attendance last night were a number of ladies and they seemed to enjoy the speaking fully as much as the voters. Tonight the debaters will meet at the school house in Harper's precinct at St. John's and a large audience is expected, as the interest in the county politics is spreading like wild fire.

Miss Cora Richardson arrived home today after an extended visit to her sister, Mrs. Oscar B. Jones.

Judge Rucker Asks The Sun to Thank the Men Who Rescued His Daughter From the River

He Says There is No Doubt
She Would Have Drowned
Had It Not Been for Their
Timely Aid.

THE SUN TODAY RECEIVED A LETTER FROM JUDGE W. M. RUCKER, OF METROPOLIS, ASKING THAT HIS THANKS AND THOSE OF HIS DAUGHTER BE EXTENDED TO CONWAY GRADEN, JAMES BURK AND THE UNKNOWN NEGRO ROUSTABOUT WHO RESCUED HIS DAUGHTER, MISS MARY RUCKER, WHEN SHE ACCIDENTALLY FELL OFF THE WHARFBOAT INTO THE OHIO WEDNESDAY AFTERNOON.

In his letter he says: "There is no doubt in our minds, but for them she would have drowned." Miss Rucker has fully recovered from the shock she sustained by the accident.

LIBERTY

HAS NO FREEDOM FROM
TROUBLE IT SEEMS.

The steamer "Liberty" is again in trouble as this morning Elwood Neel, deputy United States marshal, served papers on the boat in a libel suit filed by Sam Davis alleging that the boat is indebted to him for \$175 alleged due for wages. The Liberty was the boat that Captain Davis made his escape from Smithland with last spring.

The boat is tied up at the foot of Elizabeth street and Mr. Neel served its owner and commander, E. A. Arterburn, with papers. Capt. Arterburn, when he purchased the boat from parties at Cairo got a bond that would release him from any liabilities of the former owners. If they fail to satisfy the amount Captain Arterburn will pay it and then bring suit against the former owners.

ASKS POLICE TO AID
IN SEARCH FOR BOY.

Marshall Stanfield, a young man employed at Mark's grocery, Ninth and Jackson streets, today asked the police here to aid in the search for Henry Mack, aged 14 years, who suddenly disappeared from his home at Morganfield two weeks ago. Mack is the son of Mrs. Adgie Mack of that place and the lad is a friend of Stanfield's. No information has been received concerning his whereabouts. The police have received a circular from Morganfield offering a \$25 reward for the arrest of John Bolton, wanted there on a felony charge.

MANY KILLED IN WRECK.

Topeka, Kan., Oct. 8.—Fifteen to thirty persons killed when Santa Fe work train collided with oil train near three bridges on the outskirts of Topeka at 12:30. At three o'clock a number of bodies had been recovered, but total number of dead not known. There were 40 men on the train.

Two More Prisoners Get Pen Sentences

Two prisoners were sentenced to the penitentiary today in circuit court. Tom Carmandy pleaded guilty to the charge of breaking into J. L. Wolf's and was given one year in the penitentiary. An indictment charging him with breaking into the house of

LAFOLETTE SCORES

BALLINGER, PRAISES PINCHOT
Madison, Wis., Oct. 8.—"Pinchot is a conservationist, Ballinger an obstructionist. The people want their natural resources conserved and will not tolerate very long any obstruction of the Roosevelt policy." This is the concluding paragraph of an editorial in the current issue of LaFollette's weekly, under the caption, "Pinchot or Ballinger, Which?" He accuses Ballinger almost outright of turning over public properties to private interests, and praises Pinchot highly.

RAWN AND HARRIMAN
CANNOT VISIT PADUCAH.

By some cars being derailed south of Fulton, I. G. Rawn, vice-president, and F. B. Harriman, general manager, of the Illinois Central railroad, were prevented from coming to Paducah this afternoon as was intended. They were returning from New Orleans and intended to spend the afternoon in the city, but went on north from Fulton.

COOK AND CURTISS RIDE TOGETHER

IN GREATEST PARADE OF ST.
LOUIS CENTENNIAL.

THE CROWD GREW HYSTERICAL
WHEN THEY SHOOK HANDS.

St. Louis, Oct. 8.—Cook and Curtiss rode together in a carriage at the head of the Historical-Educational-Military parade, the biggest of the Centennial week, here this morning. Tremendous crowds grew hysterical when the two men shook hands at the beginning of the parade. Militia, regulars, sailors from the torpedo flotilla, all the college and high school students and floats were in line. It took three hours to pass a given point.

St. Louis, Oct. 8.—Cook left immediately after the parade on a special train of C. & A. officials for Chicago, where he lectures tonight. Curtiss immediately after the parade hustled to the aviation grounds and made a flight of several minutes. Early this morning he tested his machine with a mile flight in little less than a minute.

BRYAN'S DAUGHTER

WILL RUN FOR CONGRESS FROM
COLORADO DISTRICT.

Denver, Oct. 8.—Friends of Mrs. Ruth Bryan Leavitt and her father, William Jennings Bryan, today began an active movement for her nomination for congress from the First Colorado district. It followed a formal announcement that she would accept the Democratic nomination if tendered her. Her father consented and says if she is nominated he will invade Colorado and make speeches in her behalf. T. M. Patterson, former senator from Colorado, and one of the state's dictators, has announced if the Democrats nominate a woman she will have his support. The club women of Denver are enthusiastic over her candidacy.

TAFT ROMPS

USING HIS TIME IN YOSEMITE
FOR BOY'S GAME.

Wawona, Yosemite, Cal., Oct. 8.—Taft is having a fine time eating chicken with nature's tools, playing base ball with pine cones, like a regular boy. He said today "its lots better than speechmaking."

Two More Prisoners Get Pen Sentences

Two prisoners were sentenced to the penitentiary today in circuit court. Tom Carmandy pleaded guilty to the charge of breaking into J. L. Wolf's and was given one year in the penitentiary. An indictment charging him with breaking into the house of

LAFOLETTE SCORES

BALLINGER, PRAISES PINCHOT
Madison, Wis., Oct. 8.—"Pinchot is a conservationist, Ballinger an obstructionist. The people want their natural resources conserved and will not tolerate very long any obstruction of the Roosevelt policy." This is the concluding paragraph of an editorial in the current issue of LaFollette's weekly, under the caption, "Pinchot or Ballinger, Which?" He accuses Ballinger almost outright of turning over public properties to private interests, and praises Pinchot highly.

RAWN AND HARRIMAN
CANNOT VISIT PADUCAH.

By some cars being derailed south of Fulton, I. G. Rawn, vice-president, and F. B. Harriman, general manager, of the Illinois Central railroad, were prevented from coming to Paducah this afternoon as was intended. They were returning from New Orleans and intended to spend the afternoon in the city, but went on north from Fulton.

AUTOMOBILE ADDS TO ITS VICTIMS AGAIN TODAY

Three Prominent Kenosha
People Figure in Serious
Accident.

The Driver Was a Former
Racer of Fame.

WAS TRYING TO PASS WAGON

Kenosha, Wis., Oct. 8.—An automobile driven by Harvey Gibson, of this city, with passengers Edward Collier, a former famous automobile racer, and Mrs. Arthur Gardner, wife of a noted bicycle rider, turned turtle on a lonely road seventeen miles west of here early today. Gibson was killed and Collier fatally injured. The extent of Mrs. Gardner's injuries are unknown. Gibson was driving and tried to pass a farm wagon when the car swerved over an embankment and turned turtle with all under the car. Gibson was dead when taken out. All are well known here.

SENATOR LINDSAY

VERY LOW AND SAID TO BE
DYING.

Frankfort, Oct. 8.—Former Senator William Lindsay is very low and is believed to be dying. He has been ill some time.

ASK 200,000 MEN TO
WHIP THE MOORS

Chiefs of Military Party Advise Alfonso—Troops Repulse Attack.

Madrid, Oct. 8.—The meager Moroccan news published today indicates a lull in the Spanish operations against the Moors. Three trans-Atlantic liners are being armed for service on the Moroccan coast.

The Correo Espanol publishes today an account of a secret meeting of the chiefs of the military party at which, it is alleged, it was decided to advise King Alfonso to increase the army in Africa to 150,000 men, with a reserve force of 50,000, to insure a rapid and complete victory over the Moors.

Melilla, Oct. 8.—The Spanish camp, under Commander General Sotomayor, was the object of a surprise attack at 6 o'clock this morning by the Moors. The enemy was repulsed and shelled until 9 o'clock. The Spaniards lost two men wounded.

FIGHT FOR 3-MILLION BOY.

Guardians of William McClintock Go Into Court.

Chicago, Ill., Oct. 8.—Mrs. Julia M. Sheppard, 2226 Calumet avenue and Attorney A. F. Reichmann, living in Kenilworth, today began a hotly contested fight before Judge Charles S. Cutting in the probate court for the absolute custody of William (Little Billy) McClintock, 6 years old, who inherited at least \$2,000,000 at the death of his mother last June.

Attorney Reichmann opened hostilities when he filed a petition before Judge Cutting asking that the boy be given into his custody and placed in his home at Kenilworth. He and Mrs. Sheppard are co-guardians of the boy's person.

The boy's father, William N. McClintock, a well known capitalist died two years ago after he was struck by an automobile. His estate was left in such condition that no proper estimate of it has ever been made. It is believed by some that it will amount to \$4,000,000 after all the securities and bonds are found.

GUY FINLEY RECOVERED
FROM DIPHTHERIA.

Guy Finley, the grandson of Mrs. E. H. Kelly, who resides on Broadway, next to the high school, and who has been ill of diphtheria, has been discharged as cured, and the house thoroughly fumigated.

Pittsburg and Detroit Meet in First Game of the World's Series At Pittsburg This Afternoon

National Commission Pays a
Touching Tribute to the
Memory of Harry C. Pulliam Today.

Pittsburg captured the first game of the season. Detroit outbatted the Pirates, getting six to the Pittsburg's five. Pittsburg made no errors and the Tigers had four charged against them.

Pittsburg, Pa., Oct. 8.—The National commission at a meeting this morning adopted the following resolution in honor of Pulliam's memory: "This series is the fifth one played under auspices of the National commission. A year makes changes indeed. Harry C. Pulliam, one of the originators of this series has passed away. His counsel in this body will be heard no more. Organized baseball never had more zealous or devoted sponsor. In order therefore that his memory will ever remain green, it is directed by the National commission that a memorial card be printed and on the day scheduled for the series to begin, each year, cards will be distributed to each player of the contending clubs, the official umpires, scorers, business representatives, as well as the owners of contending clubs and press, and that on the day of the same game each year there be placed on the grave in Louisville, Kentucky, a floral wreath as a token of the esteem in which he was held by every one connected with organized base ball. Signed—National Commission, per Johnson, Heydler, Herman."

While the fans are cheering the Tigers and Pirates this afternoon, the floral token of love and appreciation will be placed on his grave at Louisville.

The Game By Innings.

Pittsburg, Oct. 8.—The batteries for the game today are:

Pittsburg—Adams and Gibson; Detroit, Mullin and Schmidt. Umpires, Johnstone and Loughlin.

First inning: Detroit, 1; Pittsburg, 0.

Second inning: Detroit, 0; Pittsburg, 0.

Third inning: Detroit, 0; Pittsburg, 0.

Fourth inning: Detroit, 0; Pittsburg, 1.

Fifth inning: Detroit, 0; Pittsburg, 2.

Sixth inning: Detroit, 0; Pittsburg, 1.

Seventh inning: Detroit, 0; Pittsburg, 0.

Eighth inning: Detroit, 0; Pittsburg, 0.

Ninth inning: Detroit, 0; Pittsburg, unplayed.

Totals: Detroit, 1-6-4; Pittsburg 4-5-0.

Pittsburg, Oct. 8.—Two hundred Detroit rooters, headed by Mayor Philip Breitman, arrived last night. Governor Warner is with them.

George Mullin will pitch for Detroit and "Babe" Adams probably for the Pirates, although Clarke says possibly he will use Willis. Odds in betting are ten to seven on the Pirates. Klem and Johnstone, of the National, and O'Loughlin and Evans of the American, are umpires. Dreyfuss said he could get a hundred thousand crowd if he had room enough. Speculators are unable to get many tickets, but some are selling for \$25 dollars each.

EARLY BIRDS.

Pittsburg, Oct. 8.—"Come on fellows, get up."

A six foot cop poked his long night stick among the crowd of all nighters camped before Forbes field with enough force to show he meant it. One man sleeping on a cot under the ticket window, stirred restlessly gazed bewildered and struggled to his feet; hundreds leaning against the wall stretched; others who slept on stones, fell into line. The vanguard of general admission seekers to the first of the world's series today thus formed long before sunrise.

Both teams are confident. Jennings says "The third time is charm."

Weather Prevents Flights.

Paris, Oct. 8.—Heavy rain during the night and showers today with high winds, prevented aviators from starting in the aviation contest at Juvisy.

The Weather

For Paducah and vicinity: Increasing cloudiness late tonight or Saturday; warmer in extreme west and north portion. Highest temperature for today 87, lowest 58.

TODAY MARKS THE FAIR CLOSE

THURSDAY'S ATTENDANCE WAS
BEST OF THE WEEK.

EXHIBITION OF HORSES AND
COLTS ATTRACT ATTENTION.

The closing day of the fair and races was attended by another large crowd. While not quite as large as the attendance on Thursday it was larger than the first two days. The fact that it was Ladies' Day combined to help the attendance, and a large number of the fair sex were out to enjoy the races. Yesterday's was about the largest crowd that has ever been within the fences of the fair grounds.

The main event of the day was the free-for-all pace. Arnold Patchen won the first two heats, but failed on the third, and it was too dark to finish the race so it was continued until this afternoon. Reelfoot, a favorite, was reported suffering with a lame shoulder and did not enter. The entries were: Arnold Patchen, Black Wig and Goldie May. In the first heat Arnold Patchen carried off the honors, and during the second heat was hard pushed, but finished first. In the third heat Arnold Patchen broke and Goldie May finished first. The best time was 2:14.

Two running races were supplied the crowd. In the four and one-half furloughs dash the entries were: B. M. Rebo, Waddie Lee, Wyoming and Enrica. The horses left well, but Enrica won the race maintaining the lead from the start. Waddie Lee was nosed out of second place by Wyoming. Time, 1:00.

In the mile dash the entries were: Ionic, Charley Ward and Cross Grain. Ionic won the race with comparative ease.

(Continued on page 6.)

CLEANING HOUSE

THE KENTUCKY PREPARING
FOR REGULAR SEASON.

The Kentucky theatre is receiving a thorough cleaning in preparation of the regular fall opening. A vacuum cleaner has been purchased and all of the seats, carpets and walls have been scoured with the vacuum cleaner, and all of the dust and dirt within the play house removed. Painters have been busy with the brush, and all of the wood work has been repainted, and the theatre will present a refreshed appearance for the winter season. The vacuum cleaner has been purchased by the theatre owners and they will use it frequently.

MRS MYRA FLOYD
DIED OF CONSUMPTION.

Mrs. Myra Floyd, aged 37 years, wife of Ben Floyd, of 1020 North Sixth street, died at 3 o'clock yesterday afternoon after a lingering illness of consumption. She leaves many friends. Surviving her are her husband and two children, Eva and Edward Floyd. She leaves also two brothers, George and Harve Lynn, both of this city. The funeral was held this afternoon at 2 o'clock and burial in the county. The services were conducted by the Rev. Childs, of the Union Rescue Mission.

The infant son of Mr. and Mrs. E. S. Nickel, of 714 South Eleventh street, died last night. The body will be shipped to Princeton at 3:40 o'clock this afternoon for burial.

NEGRO BOLDLY WALKS
RIGHT IN HOUSE.

A bold negro walked in the front door at the home of Mrs. Edward Martin, 704 South Thirteenth street, at 7:30 o'clock last night frightening her speechless. Grabbing up little Maude Aivertt, who was asleep near her she ran past the intruder and to the home of her brother-in-law, Mr. Dan Orr, 628 South Thirteenth street, where she remained until Mr. and Mrs. Aivertt returned home. On her return bureau drawers were open but nothing was missed.

Mrs. Martin was seated near the front door and the little girl had fallen asleep. The negro entered the door without speaking and not a word was passed.

Miss Jean Goldthwaite of Hopkinsville, who has been the guest of Mrs. George C. Wallace this week, will return home tomorrow.

GRIDIRON HEROES NOW WILL VIE FOR ATTENTION

High School and Whist Club
Lads to Meet Tomorrow
Afternoon.

Whist Club Heavier, But High
School Boys Confident.

LINEUP OF THE TWO TEAMS

Between two home teams the gridiron season will open tomorrow afternoon at League park when the swift eleven of the High school will lineup against the husky players of the Chess, Checker and Whist club. Owing to the fact that both are home teams and it is the first game of the season a large crowd is expected to be present. Both teams have practiced hard and are in the pink of condition.

The Chess-Checks are heavier in weight, but the fast High school lads have had the advantage of more practice, and expect to puzzle the heavier opponents. It will be the first opportunity to get a line on the two teams. High school defeated Metropolis on foreign soil, while it will be the initial of the C. C. & W. boys.

High school will lineup: Epperheimer, lc; King, lt; Elliott, lg; J. Harth, c; Ogilvie, rg; Shelton, rt; Endriss, re; Browning, qb; Wilhelm, lb; Burton, rh; and Sills, fb.

P. A. C. Team Working.

Husky athletes of the Paducah Athletic club are working hard for a successful season, and the prospects are good for a good season. The first game has been booked with the strong Marion, Ill., team that will be played in Paducah Sunday, October 16. Correspondence is on for a game with the Carbondale eleven, while the Mechanicsburg boys will weigh only 155. Several of the biggest men are not in the game this year, but a faster machine has been built.

The C. C. and W. lineup will be: Center, Shelton; right guard, Roan; left guard, McGinnis; right end, Elliott; left end, Harbour; quarterback, Cope; right halfback, Fisher; left halfback, St. John (captain); fullback, Rayburn; right tackle, McClesney; left tackle, Hughes.

WILL MATHEY

IS RECOVERING FROM SERIOUS
WOUNDS AT RIVERSIDE.

Will Mathey will recover from the serious wounds he sustained Monday afternoon in a fight with an unknown negro. He is at the Riverside hospital, and according to his physicians stands an excellent chance of recovery. The knife made a deep cut in the neck and only by hard and fast work was the flow of blood stopped. The police have never picked up a trail of the negro guilty of the cutting.

JOCKEY STEALS HIS
TOGGERY AND IS ARRESTED.

Police at Cairo have been notified by the local authorities to hold Walter Laney, a jockey, who has been riding at the present races of the Paducah Fair Association, who skipped out on the 9 o'clock train this morning with jockey colors and other property of G. T. Scott, owner of "Waddie Lee."

Laney, alias "Tar" is believed to be on his way to Kennett, Mo., for the races. He was paid off yesterday and had ridden "Red Robin" and "Waddie Lee" on the fair grounds track this week. This morning Mr. Scott missed his colors and it is said Laney took them with him. The discovery was made too late for the police to catch him before he left. Mr. Scott values the articles at between \$18 and \$20.

PRINCETON PRESBYTERY
CLOSED AT MAYFIELD

Mayfield, Ky., Oct. 8. (Special.)—The closing session of the Princeton Presbytery was held last night. Hopkinsville was selected as the next meeting place next April 5, 6 and 7. The sessions were largely attended and were the most successful held in years. A splendid interest was had in the Presbytery throughout. Last night the Rev. E. B. Landis, of Paducah, delivered a strong sermon on "The Attractive Church." He was made chairman of the college board committee.

The Evening Sun's Daily Markets.

LIVESTOCK.

Louisville, Oct. 8.—Cattle—Receipts 120 head, for the four days this week 5,581 head. The attendance of buyers was light and limited to the local talent; the market was slow throughout the day and there was no material or quotable change noted in values. Choice butcher cattle were in fair request and about steady, medium and interior kinds very slow. The feeder and stocker market was just about steady. Choice bulls steady, common bulls and canners very dull. No prime heavy shipping cattle here; feeling about steady. The pens were only fairly well cleared this evening.

Calves—Receipts 90 head, for the four days 723. The market ruled about steady, the best 7@7½c, medium 5@6c, common 2½@4c.

Hogs—Receipts 4,463 head, for the four days this week 17,274. The market was slow in opening and prices were mostly 5@10c lower, selected hogs, 165 pounds and up, selling at \$7.50@7.60, 130 to 165 pounds, \$7.15@7.25; pigs ranged from \$5.50@6.00 for light pigs to \$6.25@6.50 for heavy pigs, roughs \$6.75 down. The market closed weak to a shade lower. Buyers don't want grassy half-fat hogs at any price.

Sheep and Lambs—Receipts 29 head, for the four days 1,147. The market ruled quiet, about steady, the best lambs selling around 6c, good butcher lambs 5¼@5½c, culls 3@4c. Fat sheep 3¼@3½c, common sheep very dull.

LOUISVILLE TOBACCO MARKET.
The offerings for today on the

local breaks follow:

1909 crop—Burley, 6; 1908 crop—burley, 6; dark, 168; original no. 126; reviews, 54; total, 180; rejections yesterday—burley, 11; dark, 55.

First sale tomorrow at the People's House.

Louisville warehouse sold 36 hhd. dark at \$4 to \$11.25.

People's warehouse sold 4 hhd. new burley at \$9.60 to \$13 and 3 hhd. dark at \$5.25 to \$8.50.

Planters' warehouse sold 23 hhd. dark at \$3.90 to \$9.90.

State warehouse sold 1 hhd. burley at \$12 and 10 hhd. dark at \$6.50 to \$9.20.

Pickett warehouse sold 13 hhd. dark at \$5.40 to \$9.

Kentucky warehouse sold 25 hhd. dark at \$4.55 to \$9.30.

Ninth-street warehouse sold 67 hhd. dark at \$4 to \$10.75.

Malaria Makes Pale Sickly Children. The Old Standard GROVE'S TASTE-LESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

More Land Opened. Valer Home, Oct. 8.—Seventy thousand acres of land under the Carey act were opened for entry and 30,000 taken. Number one was drawn by R. A. Carpenter, of Oak Park, Ill.

Members of the Broadway Methodist church are requested to send articles or material for the Home of the Friendless to Miss Mattie Fowler 619 Kentucky avenue at earliest date.

The man who lectures on prohibition has a dry subject.

A JOYFUL PASTIME.

It's Really a Pleasure to Cure Catarrh By Breathing Hyomei.

It isn't a pleasure to saturate your stomach with vile nostrums or to shock the tender membrane of the nose and throat with disagreeable sprays and douches.

But strange to say there are a few thousand people who do not keep abreast of the times who are hoping against hope that these ancient methods will rid them of catarrh.

If readers of Paducah Sun who suffer from catarrh want to banish this vile and disgusting disease forever go to Gilbert's drug store today and get a complete Hyomei (pronounced High-o-me) outfit for \$1.00.

If it doesn't cure it won't cost you a cent because Gilbert will give you your money back.

Hyomei is so simple and pleasant to use; pour a few drops from the bottle into the inhaler and breathe it in. As it passes over the membrane and into the lungs with the air you breathe it soothes the raw membrane and kills the catarrh germs. Don't experiment longer. Leading druggists everywhere sell Hyomei for catarrh, coughs, colds, bronchitis, etc. Drop a postal for our free book, Booth's Famous People, Booth's Hyomei Co., Buffalo, N. Y.

Notice to Stockholders. Meeting of the stockholders of the Langstaff-Orme Manufacturing company will be held at their office at the plant October 9, 1909.

GEO. LANGSTAFF, Pres.

RAGSDALE'S REPLY TO ANTI-SALOON LEAGUE. October 6th, the following communication was received from Mr. Ragsdale, by the president of the McCracken County Anti-Saloon League:

To the Anti-Saloon League and voters of the Second senatorial district: I come before you as a candidate for state senator. It is therefore necessary for me to tell you why. My reasons are these:

1. I favor a uniform law regulating the liquor traffic, and making the county unit.

2. I favor the most effectual legis-

lation possible to destroy and prevent "Blind Tigers."

3. Mr. Eaton was not the choice of the Democrats of this district, nor is he fairly entitled to the place on the Democratic ticket. Mr. Barry had a clear majority at the nominating convention at Paducah last April and it was only by prolonged and repeated adjournments and unscrupulous manipulations effected by Mr. Eaton or his friends that Mr. Eaton finally secured the nomination.

4. It is my belief that Mr. Eaton if elected, will be a tool in the hands of the whisky interest of the state. This belief is based upon the fact that he has repeatedly refused both before and since the convention to take a stand for the county unit bill or any other measure unfavorable to the whisky interest of the state.

Yours sincerely,
J. S. RAGSDALE.

EPILEPSY CURED. To Whom It May Concern:—I will say my wife had epilepsy or fits for thirteen years. I secured one bottle of Hays' Specific. She had two fits the day I got the bottle. She had from two to three fits a day. She has no more fits. I would not take ten times the cost of the medicine and be without it.

C. H. BOX, Greenfield, Tenn. Sold by all druggists.

News of Theatres. Again this season clever and winning Dorothy Shepherd assists Tim Murphy in the presentation of a play that gives each many excellent

opportunities. This piece being given by them is called "My Boy," by Rupert Hughes. Mr. Murphy and his players will be at the Kentucky theater during the early part of November. Mr. Murphy is under the personal management of Wm. A. Brady and Louis F. Werba.

"Fluffy Ruffles." Florence Gear who will be seen in the merry musical comedy, "Fluffy Ruffles," at the Kentucky theater on Wednesday night, October 13, enjoys great popularity with her own sex. This is most unusual. There are a number of women upon the stage who have a myriad of male admirers. Nearly every beautiful woman has her own following of the sterner sex sometimes large, sometimes small just as she herself may elect. But there are only a few female stars who can boast that they are admired even beloved, by the gentler sex.

Theatrical Notes. A well-told, consistent story; a cast of excellence; a theme that is recognized by all thinking men and women to be one of the most serious menaces to the future welfare of society in general, and its evil results and the inevitable moral conveyed in a manner so convincing as to be actually startling, are a few of the reasons which accounts for the success which the latest contribution to contemporary dramatic literature "The Final Settlement," has met with. This attraction comes to the Kentucky theater Friday night, October 8.

Mr. E. E. Larrett, formerly of this city but now of Jackson, Miss., was in the city yesterday.

HONORS GO TO PILOT OF ST. LOUIS III BALLOON.

Lifts Lahn Cup from Capt. Chandler. —Another Balloon Comes Down. St. Louis, Oct. 8.—Officials of the Aero club of St. Louis were preparing the official result of the two balloon races which started here Monday. The unofficial results gave the honors of the chief event to the St. Louis III, S. L. Phil, pilot, and the New York, C. B. Harmon, pilot. The former won the first prize for distance, traveling 550 miles, besides lifting the Lahn cup from Captain Chandler, of the United States army, and the latter took the endurance prizes and established a new American height record of 24,200 feet.

—The Woman's Christian Temperance Union will meet tomorrow afternoon at 3 o'clock in the parlor of the Broadway Methodist church. As matters of importance will be discussed all members are urged to attend.

First Case of the Kind. Chicago, Oct. 8.—R. P. Longenecker, who was refused a renewed lease of the apartment because a child was born to him therein, sued the landlord under the new state law forbidding such refusal.

"I'd Rather Die, Doctor, than have my feet cut off," said M. L. Bingham, of Princeville, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead he used Bucklen's Arnica Salve till wholly cured. Its cures of Eczema, Fever Sores, Boils, Burns and Piles astound the world. 25c at all druggists.

MI-ONA Cures Indigestion.

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

CURTAIN FALLS ON BALL SEASON

FINAL GAMES IN BIG LEAGUES PLAY YESTERDAY.

Pittsburgh Was Picked to Win Early in the Spring and Chicago Second.

THE FINAL STANDING OF CLUBS

New York, Oct. 8.—The National league baseball season ended, Boston and Brooklyn won the final victories defeating Philadelphia and New York.

Pittsburgh's winning one of the league pennant was widely predicted since May 5, when the team assumed an aggressive lead. Chicago, which finished second, held an intimidating position all along. However, the result was not clinched until September 28. New York finished third.

The standing of the clubs is as follows:

Club:	W.	L.	Pct.
Pittsburgh	110	42	.721
Chicago	104	49	.680
New York	92	61	.601
Cincinnati	77	76	.504
Philadelphia	74	79	.484
Brooklyn	55	98	.359
St. Louis	54	98	.353
Boston	45	108	.294

Brooklyn Beats Giants. Brooklyn, Oct. 8.—The locals won the final game of the season, after an uphill battle from New York.

Score: R H E
Brooklyn 7 11 1
New York 5 10 2

Batteries—McIntyre, Bell and Marshall; Daly and Wilson.

Boston Wins. Philadelphia, Oct. 8.—Sensational plays by Getz and Becker stopped a promising rally by the home players.

Score: R H E
Philadelphia 1 8 3
Boston 3 9 2

Batteries—Sparks and Doolin; Matern and Raridan.

WHAT LEADERS THINK OF THE WORLD'S SERIES.

By Fred Clark, Pirates' Mgr. Of course, I think we will win. Jennings evidently has a dangerous lot of players and his pitchers are stronger than generally rated. But my men have been going so constantly that I cannot avoid giving them the preference. My honest judgment is that I have the strongest team. But you never can tell what baseball luck will do to you. I have paid no attention to any odds.

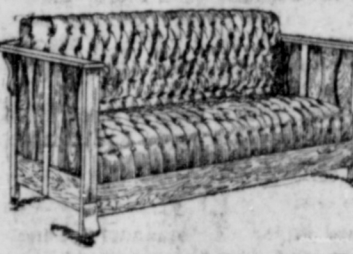

By Hugh Jennings, Tigers' Mgr. If we're on our stride we'll win sure. There is no reason for anything but even odds on the series, unless it might be our hard luck against the Cubs, then we were not running to form.

KETCHEL'S STOCK GOING UP

His Condition and Delay in the Fight. Send Johnson Bettors to Cover.

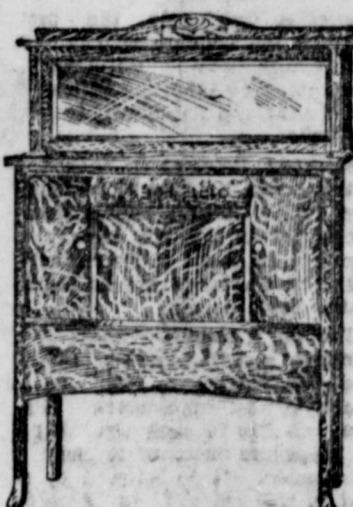

New York, Oct. 8.—The delay of the Ketchel-Johnson fight until October 16, together with reports of Ketchel's condition and his training methods, has materially affected the betting here on the fight. A week

Daily Thought.

Economy is necessary for the ma-
jority of us. But there are many so-
called economies which mean self-
denial and hardship, and in which
really save nothing. Be on your
guard against them.

Mix, the American who won the
International balloon race, says the
peasants are angry because he
knocked off a few chimneys and
tore away some tiling. It's a wonder
that they did not take a shot at
him, as the farmers in this country
did at those St. Louis entrants.

A Chicago man, who was refused
the renewal of a lease on his flat
because a child was born to him
has brought suit against the owner
under the new state law forbidding
such a refusal. He will have many
well wishers.

The Michigan authorities have de-
creed the "bellhops" cannot bring
liquor to a hotel guest's room, as
it has a bad effect on the morals of
the boys. The north, as well as the
south seems to be drying up.

No doubt there was many a man
who needed a bath that got his
when the officials at St. Louis turned
the hose on ten thousand people
who were trying to get aboard four
little torpedo boats Wednesday.
Needless to say it kept the throng
off.

Lewis Nixon, the ship builder, of-
fers the English nation some en-
couragement when he says that
aeroplane will never become a
formidable war machine.

And James M. Barrie is suing for
divorce! Well! Well! Who would
have thought that the man who
wrote "When a Man's Single" and
"What Every Woman Knows" would
find married life a failure? Barrie
has shown a wonderful grasp of
feminine character in his books
and plays, but in life he wants to
release his grasp on one woman
character. Charles Frohman, the
manager who produced most of
his plays, declared that Barrie's
success with the character of
woman was due to the fact that
he knew when a woman trusted her
instinct and shunned logic and
reason, she was apt to be right. Mr.
Frohman recalled an incident during
the rehearsal of "What Every Woman
Knows," when Mrs. Barrie sud-
denly appeared and held a hurried
whispered conversation with the
author. When she had gone Mr.
Barrie dryly remarked: "You know
the humiliating thing about women
is that they are generally right." The
wonder is who is wrong in Barrie's
case.

An official endorsement without
precedent in the history of the coun-
try—a disinterested and unsought
endorsement from the highest au-
thority—was recently given the
proposed improvement of the Ohio river
from Pittsburgh to Cairo. The board
of engineers appointed by President

Taft, while still secretary of war, to
investigate the project for a 14-foot
waterway from Chicago to the mouth
of the Mississippi river, in a unani-
mous report says:
"The board is of the opinion that
the development of the waterways of
the Mississippi Valley into a harmo-
nious system will be of immense value
to the country, but the Ohio Valley
has been and probably will continue
to be the line of greatest commerce;
and the probable demands of the
commerce, present and prospective,
for many years to come can be ade-
quately met by a channel of 9-feet
depth between Chicago and Cairo of
dimensions similar to those proposed
for the Ohio river."

This report was signed by Col.
William H. Bixby, Lieut. Col. J. G.
McD. Townsend and Lieut. Col. J. G.
Warren, of the Corps of Engineers.
U. S. Army, and Henry B. Richardson
and Homer P. Ritter, civil en-
gineers and members of the Missis-
sippi river commission. The section
quoted was heartily concurred in and
approved by the general board of en-
gineers on rivers and harbors, and
also by Gen. W. L. Marshall, chief
of engineers, U. S. army, who trans-
mitted the report to congress June 7.

The success of the oil treatment
for Paducah streets can not be dis-
puted by any one. The board of
works has demonstrated its value,
late in the day, it is true, but the
members promise that next year the
principal streets all over the city
will be so treated. Of course there
has gone up a howl from some peo-
ple, but this was to be expected.
Some folk are so provincial, and
some are so short visioned. In every
city and town where the oil has been
properly sprinkled on the
streets, you would find it a hard
proposition to get the citizens to give
up its use. The parks, boulevards,
and long highways are sprinkled
each year, and dust is an unknown
thing. Members of the local lodge
of Knights of Pythias, who attended
the annual state meeting at Win-
chester this week had visual demon-
stration of the merit of oil used in
that enterprising town, and say the
people are delighted with it. But,
there is hardly a town of any size
in eastern Kentucky that has not
been using oil on its streets for
several years.

The office bee has certainly stung
the Bryan family. Ruth Bryan
Leavitt, daughter of the Peerless
leader, has announced her candidacy
for congress from one of the Colo-
rado districts.

THE PADUCAH FAIR.

That Paducah could have a suc-
cessful fair, the one closing today
fully attests. All that is lacking is
sufficient funds to provide the neces-
sary premiums to attract the best
horses, and the best stock, poultry
and other exhibits. The promoters
of this year's fair are worthy of
praise. They demonstrated the fact
that a good fair would be an attrac-
tion that would draw a great number
of out-of-town people—just what the
local merchants have been wanting
to do, and try to do every season.
They were greatly handicapped, how-
ever, on account of the lack of funds
and their efforts to interest the mer-
chants and professional men of the
city were sadly ineffectual. The Sun
believes the merchants were wrong
in the attitude they assumed toward
the fair, and hopes they have seen
their mistake, and that next year
they will donate generously of their
time and money and assist in an ef-
fort to make the Paducah fair one
of the big ones of the state. It can
be done. The state fair at Louisville
is a great success and the means for
attracting immense crowds to the
metropolis every year now. The Pa-
ducah fair would occupy the same po-
sition toward the Purchase, and
thoroughly justify what it would
cost. It is an undisputed fact, how-
ever, that to bring people to a town
you must give them something in the
way of entertainment when they
come. The present fair has drawn a
great many people to Paducah, but
due to a lack of funds, the associa-
tion did not have the features it
should have had, and many of our
visitors were noticeably disappointed.
The Sun is informed that the only
money the association had was put
up by six men. Truly they deserved
the gratitude of the town for their
efforts and merit a different charac-
ter of support next year. They are
not discouraged with the present
fair, but on the other hand are al-
ready making plans for next year
and they assuredly should be aided
by every merchant in Paducah.

VOICE OF THE PEOPLE.

"The Lightning Rod People."
There is not a river in Texas large
enough to float a steamboat—and in
north Texas in summer water is
hailed from 30 to 45 days each year
by train, consisting of tanks equip-
ped for this purpose, and in their
dire extremity they were induced to
try crude oil to wet their dirt streets.
Such bitter complaints were made
especially by home buyers as it ruin-
ed their floors and floor coverings.
Houses that were a beautiful white
became a dingy yellow. They contin-
ued the use of lightning rods out
there. They fell out with this crude
oil business many, many years ago.
The local board of public works
should profit by the experience of the
lightning rod people as they have not
a similar excuse to offer.

H. C. WARDEN.

Stretching the truth won't make it
any farther.

STATE PRESS.

It hasn't taken long for Mr. Bryan
to learn that his tariff programme for
the democratic party in the congress-
sional election of 1910 and in the
presidential election of 1912 is not
going to suffer from excessive popu-
larity in the south. The Bryan plat-
form calls for free raw materials and
a tariff for revenue only on finished
products. To give it form and sub-
stance Mr. Bryan has attached to it
a pledge binding all democratic can-
didates for congress to accept the
Bryan tariff plank as a contract be-
tween them and their constituents.

Mr. Bryan, for twelve years, has
dominated the democratic party, in-
cessant in his efforts to turn the
country into a free raw materials and
a tariff for revenue only on finished
products. To give it form and sub-
stance Mr. Bryan has attached to it
a pledge binding all democratic can-
didates for congress to accept the
Bryan tariff plank as a contract be-
tween them and their constituents.
The nominees, if successful, being
compelled, under the terms of the
contract, to support the Bryan tariff
plank. Mr. Bryan, for twelve years, has

400,000 SEE CURTISS FLY.

Aeronaut Made Attempt With a Far-
man Bi-Plane, But Was Unable
to Leave the Ground.

St. Louis, Oct. 8.—Glenn H. Cur-
tiss, who won international honors in
aviation at Rheims, France, made
three aeroplane flights here. One
was more than a quarter of a mile
and the shortest of the three was 220
yards. This was witnessed by a
throng of 400,000 persons, who wait-
ed for hours in Forest park to see
an aeroplane in action. Curtiss' last
performance of the day was cut short
by his engine falling when he was
about 25 feet from the ground. The
machine glided to an irregular land-
ing place and a rudder guy snapped.
Efforts to mend it before darkness
were unavailing.
The aviator said the machine would
be ready for service tomorrow.
In the flights Curtiss used a bi-
plane with a 25-horse power motor.
Few people witnessed the first two
flights, as the morning mist was still
undispelled. A stiff wind delayed
him until dusk.
George F. Dancois Oemont, who is
here with the Farman bi-plane, which
won the endurance prize at Rheims,
attempted three times at dusk to sat-
isfy the crowd that he could fly.
He circled the field several times,
but not fast enough to enable him to
leave the ground. His disappoint-
ment was clearly expressed in his
face.
The really successful navigators of
the air were Roy Knabenschue, Lin-
coln Beachey and Thomas Baldwin,
in dirigibles. The last made an ex-
tended flight when motor trouble
overcame him and he was forced to
land in the crowd. His second flight,
after repairs had been made, was
greeted with great applause.
Knabenschue, however, was the fa-
vorite with the crowd. He and
Beachey thrilled the spectators by
mounting simultaneously and flying
about two miles side by side. Knab-
enschue left Beachey's aidship in the
ear when the latter's motor became
overheated. Knabenschue then swept
out over the park in a great circle
amid cheers.
It was announced that Curtiss and

NOW SOLD IN AMERICA.

In Less Than Three Years, Parisian
Sage, the Splendid Hair Tonic, Is
Sold All Over America.

There is a reason for the phenom-
enal sale of Parisian Sage in the
United States during the past three
years.
And the reason is plain to all:
Parisian Sage does just what it is au-
thorized to do.

Ask W. J. Gilbert about it, he will
tell you that he rigidly guarantees it
to cure dandruff, stop falling hair or
itching scalp in two weeks or money
back.

There is no reason whatever why
any man or woman should fail to
take advantage of the above gener-
ous offer.

But one thing that has made
the Parisian Sage so famous is its pecu-
liar power to turn the harsh, unat-
tractive hair that many women pos-
sess into luxuriant and radiant hair
in a short time. Women of refine-
ment the country over are using it
and it never disappoints. Read this
letter:

"I procured Parisian Sage and
found that it was a great hair tonic
and cleanser. I have used other
preparations but Parisian Sage
cleaned the scalp, stopped all irrita-
tion, made my hair fluffy, silky and
left no trace of stickiness as some
other hair tonics had." Mrs. Sarah
Sanderhoff, 1403 N. Washington St.,
Owosso, Mich., June 22, 1909.

Sold by leading druggists every-
where and in Paducah by W. J. Gil-
bert for 50 cents a large bottle. The
girl with Auburn hair is on every
package; mail orders filled, charges
prepaid, by the American makers,
Giroux Mfg. Co., Buffalo, N. Y.

Osmont will make flights today, and
it is expected Robinson will make
another trial.

MISSAPPROPRIATION

CHARGED AGAINST THE LATE
ED WARE IN SUIT.

By a suit filed today in circuit
court Mrs. Daisy Bennett charges
the late Ed Ware with misappropri-
ating \$5,000 in the settlement of
the estate of Sallie Maxon and seeks
to hold his bondsmen liable. The
style of the suit is Daisy Bennett
and G. W. Bennett against the
American Bonding company, of Bal-
timore, Jessie Maxon and R. J. Bar-
ber, administrator of the estate of
Sallie Maxon.

She states in the suit that she
was an heir to the estate of Sallie
Maxon who died April 21, 1904, and
that April 21, 1904 Ed Ware qual-
ified as administrator. It is alleged
\$7,500 was turned over to him, and
that he appropriated \$5,000 to his
own use. Ware died September 17,
1906, and by order of the court R.
J. Barber was appointed administra-
tor of the estate. He received
\$979.64 of the estate it is alleged,
and that the \$5,000 has never been
turned over to the estate.

EXPENSIVE RIDE.

PYTHIAN KNIGHTS RETURN HOME

FROM SESSION OF GRAND LODGE
AT WINCHESTER.

Lose Out in Their Efforts to Land
Al E. Young in One of the
Offices.

SESSION OF GREAT INTEREST

The local delegates to the annual
session of the grand lodge, K. of P.,
at Winchester, returned home last
night. The meeting adjourned Thurs-
day at 2 o'clock a. m. after a stren-
uous six hours' night session.

The principal interest centered in
the election of officers. Paducah
lodge, No. 26, at the last session at
Lexington, secured the election of Al
E. Young to the office of grand outer
guard. At the meeting it was ex-
pected he would be advanced to the
next step, that of grand inner guard.
Unexpected opposition developed and
rather than permit a fight to be
made, his name was not allowed to
go before the convention, and the
local delegates, as well as those from
West Kentucky, urged and worked
for the nomination of J. J. Watkins,
of Sturgis, Ky. A hard fight was
made, but the office went to J. C. Mc-
Lean, of Franklin.

Jules Plummer, who for many
years held the office of grand master
of exchequer, was defeated by F. B.
Eubank, of Bowling Green.

The election resulted as follows:
O. H. Pollard, of Jackson, past grand
chancellor; C. F. Saunders, of Frank-
fort, grand chancellor; R. L. Shade,
of London, grand vice chancellor; J.
W. Carter, of Owensboro, grand
keeper of records and seals; P. B.
Eubank, of Bowling Green, grand
master of exchequer; H. A. Scho-
berth, of Versailles, grand prelate;
George C. Carter, of Latonia, grand
master-at-arms; J. C. McLean, of
Franklin, grand inner guard; J. B.
Mathews, of Covington, and J. J.
Henry, of Hopkinsville, grand rep-
resentatives to supreme lodge.

Shelbyville and Henderson extend-
ed an invitation to entertain the next
session. A committee of three was
appointed to act in the matter of
selection. Paducah lodge was hon-
ored with the chairmanship of this
committee in the choice of Mr. A. E.
Stein. The committee recommended
Shelbyville and that action was rat-
ified.

A resolution, recommending that
after this meeting the annual ses-
sions be held alternately at Lexing-
ton and Louisville, was introduced
and will be acted upon next year.

An interesting feature of the ses-
sion was the presence of the entire
membership of the orphans' home,
maintained by the order at Lexing-
ton. These little orphans made a
great impression and the grand lodge
was so visibly affected that a hun-
dred dollar collection was taken up
as a free will offering to the little
ones. The home now contains 32
occupants, ranging from 4 to 15
years in age.

Much legislation of interest to the
order was enacted, and the reports
showed the lodges to be in best of
condition.

The citizens of Winchester main-
tained their reputation for being the
best of entertainers and nothing was
left undone which tended to promote
the pleasure of the representatives.
The city, which has a population of
about 10,000, is a monument to the
progressive and pull-together spirit
of its residents. Hospitality and so-
cial feeling was manifested in every
possible manner, and the vote of
thanks of the grand lodge was in ac-
cordance with the treatment re-
ceived.

Those attending from Paducah
were: Al E. Young, A. S. Barksdale,
A. D. Buchanan and A. E. Stein.

YOU DON'T HAVE TO WAIT.
Every dose makes you feel better. Ex-
actly keeps your whole insides right.
Sold on the Money-Back plan every-
where. Price 50c.

—W. A. Gardner was sent to the
county jail this morning on a charge
of attempting to defraud a board
bill. The warrant was sworn out in
the court of Magistrate Charles W.
Emery by A. L. Harper, who alleges
Gardner owes him a board bill of
\$35. The trial will be held this
week before Magistrate Emery.

HARVARD HOLDS RECEPTION.

Visiting Guests Meet President Lowell
and Faculty.

Cambridge, Mass., Oct. 8.—Having
participated in the induction into
office of a new president of Harvard
University, the representatives of the
hundred institutions of higher educa-
tion in this and other countries met
in Sanders theater to be presented
formally to the newly inaugurated

president, Abbott Lawrence Lowell,
the governing boards, and faculty of
Harvard. This meeting was open to
the under-graduates, alumni and
their friends, and brief addresses
were made by representatives of the
delegates. In the procession from
Memorial Hall to Sanders theater all
of the delegates wore academic cos-
tumes.

New York City consumes \$54,000
worth of tea and coffee each day.

Designed by Rosenwald & Weil, Chicago.

WOMAN'S NIGHTMARE

No woman can be happy without children; it is her nature to love them as much so as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so full of dread that the thought fills her with apprehension. There is no necessity for the reproduction of life to be either very painful or dangerous. The use of **Mother's Friend** prepares the system for the coming event, and it is passed without any danger. This remedy is applied externally, and has carried thousands of women through the crisis with but little suffering.

Book containing information of value to all expectant mothers mailed free.

MOTHER'S FRIEND

REMOVED TO LEXINGTON

Are Headquarters of the Burley Tobacco Society. Winchester, Ky., Oct. 8.—The Burley society, by a vote of 28 to 8, after a hot fight, decided to move the headquarters of the organization to Lexington.

People who expect nothing are seldom disappointed.

Fruits

SUNDAY SCHOOLS! OF THE COUNTY

HOLD ANNUAL CONVENTION AT LONE OAK SOON.

Meeting to Elect Officers for Year and Will Be Well Attended.

MEETS IN THE NEW CHURCH

Next Wednesday at Lone Oak the annual convention of the McCracken County Sunday School association will meet at Lone Oak. Prospects are for a large attendance, as interest in Sunday school work has been aroused by the association since its organization. Each Sunday school will have four delegates at the convention, and next Sunday the superintendent of each Sunday school will appoint the delegates.

The meetings will be held in the Lone Oak Methodist church, while an adjournment will be made at 10:40 o'clock for the dedication of the church by the Rev. Bishop E. R. Hendrix, of Kansas City. At 12:30 o'clock a basket dinner will be served and in the afternoon the regular program will be carried out. Officers will be elected for the year. The present officers are: The Rev. G. W. Banks, president; the Rev. M. E. Dodd, vice-president; Miss Annie Jones, secretary and treasurer, and the Rev. William E. Bourquin, field secretary.

The program is:

9:30. Song service and devotional exercises—Led by the Rev. W. J. Naylor.

9:45. "The Aim of This Organization"—The Rev. G. W. Banks, president.

10:00. Conference of Sunday workers, conducted by the Rev. T. C. Gebauer, field secretary of Kentucky Sunday School association.

10:40. Adjournment for dedication of Lone Oak Methodist church by Bishop E. R. Hendrix, of Kansas City, Mo.

12:30. Basket dinner.

1:30. Devotional exercises—The Rev. G. T. Sullivan.

1:45. Report of secretary and treasurer—Miss Annie Jones.

2:00. Report of field secretary—The Rev. W. E. Bourquin.

2:15. Roll call of Sunday schools.

2:30. "The Efficient Teacher"—The Rev. E. B. Landis.

3:00. Five-minute reports of the county department, superintendents.

3:30. "The United Power of the Sunday Schools"—The Rev. T. C. Gebauer.

4:00. Adjournment.

State Association.

The Kentucky Sunday School association will meet in Owensboro October 22, 23 and 24, and Paducah is expected to be well represented.

Each Sunday school is allowed a delegate for every 100 pupils in attendance and six delegates will be allowed from the county at large.

The railroads have granted rates of one fare plus 25 cents good leaving October 20 21 and 22 and good returning to midnight of October 25. Entertainment will be afforded the delegates by the citizens of Owensboro, and the Harvard plan, of giving lodging and breakfast will be followed out.

HOW TO CURE SKIN DISEASES

This is the question that has baffled the medical profession for centuries. A great many medicines have been exploited for the cure of skin diseases without much success.

Most of these remedies were salves or greasy lotions. While they might give temporary relief they did not have the power to destroy the germ life that causes the disease.

You can now obtain from Mr. W. J. Gilbert, the druggist, a clean, vegetable liquid remedy for external use that will give prompt relief and permanently cure eczema and every form of skin or scalp disease. This remedy, which is known as ZEMO cures by drawing to the surface of the skin, and destroying the germ life that causes the disease. It can be used freely on infants. Mr. W. J. Gilbert says ZEMO gives the best satisfaction of any medicine he has ever sold for the treatment of all diseases of the skin or scalp.

PREDICTS A SHORT PIG CROP.

American Swineherd Says That a Death of Hogs is Certain to Be Demonstrated.

The American Swineherd has the following about the pig crop:

"From the general tenor of letters received from breeders in the different parts of the country, we are led to believe that the pig crop will be demonstrated a short one. The fact is we have been getting into this condition for 18 months or more.

High-priced grain and pork below a comparative price of grain caused people to market their hogs close and to save fewer sows. As one man said in the office, it is very hard to convince a farmer, when he can get 70 cents cash a bushel for his corn at his town elevator, that it was not his duty to cash it in there, instead of feeding it to hogs or any other animals. The shortage is showing in the number of hogs that are being marketed, as they are below previous years, while the number of consumers are constantly increasing.

The Evening Sun—10c a Week.

Are Microbes in Your Scalp?

It Has Been Proved That Microbes Cause Baldness.

Professor Unna, of Hamburg, Germany, and Dr. Sabouraud, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the sebun, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

Dandruff is a contagious disease, which is largely due to a destructive microbe, which when left to pursue its course causes itching scalp, falling hair and baldness. Dandruff is caused by the microbe affecting the glands which produce the sebaceous matter, which latter then unnaturally dries up and scales off.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently restore gray and faded hair to its original color, providing the loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

Rexall "93" Hair Tonic is entirely free from grease or sediment, is exceedingly pleasant to use and will not gum the hair or permanently soil the clothing or pillows.

We exact no obligations or promises—we simply ask you to give it a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1.00. Remember you can obtain it in Rochester only at our store, The Rexall Store—McPherson's Drug Store.

JAIL AND POOR HOUSE SETTING FOR ROMANCE.

Two Missionary Workers Wed Following a Queer Wooing.

Lexington, Ky., Oct. 8.—The county jail is an unusual place for a love scene setting, but such is the experience of I. C. Swain and Miss Florence Trowbridge, missionary church workers, who met at the county jail here while engaged in religious work. A few days later, while at the county almshouse, in the same line of work, Swain proposed and was accepted. The couple were married here.

WILL NOT MAKE FIGHT ON THE ASSESSMENT.

State Banks of Oklahoma Decide to Pay to Guarantee Fund.

Enid, Okla., Oct. 8.—Representatives of Enid's state banks announced that the draft of the state banking board assessing three-fourths of 1 per cent on average deposits for the replenishing of the bank guaranty fund would be paid on presentation. The assessment has been levied to replenish the guaranty funds now being used to re-establish the Columbia Bank and Trust company, of Oklahoma City.

MEDICINES MADE FROM ROOTS AND HERBS

In the good old-fashioned days of our grandmothers they depended upon medicines made from the roots and herbs of the field to cure disease.

Lydia E. Pinkham's Vegetable Compound, that standard remedy which is made from roots and herbs for woman's ills, had its origin in this way. For thirty years it has been redeeming its promises written on the label of every bottle by curing thousands of women of feminine ills. It's a good honest medicine.

UNIQUE DISTINCTION FOR LEXINGTON.

Track Now Holds Record for One, Two and Three-Year-Olds.

Lexington, Ky., Oct. 8.—Through recent marks made on the Lexington trotting track, the oval here bears the distinction of holding yearling world's records for 2-year-olds and 3-year-olds. This is the only track in the country which has this mark.

During the colored fair here in September, Miss Stokes, owned by W. E. D. Stokes, went a mile in 2:19, lowering Abdell's record.

General Watts last year went around in 2:06, lowering Kentucky Todd one second. Native Belle beat by three seconds the mark set by Arion 18 years ago, by going around in 2:07.

BOYS CAN'T SERVE DRINKS.

Youngsters in Michigan Hotels Not Allowed to Be Bartenders.

Saginaw, Mich., Oct. 8.—Hotel bell boys in Michigan will have to stop carrying beverages from the bar to guests in their rooms, according to Deputy State Factory Inspector Frank Wood, of Lansing, who has announced that his department believes that the practice has a bad effect on the morals of the boys.

"There is a state statute which makes it an offense to have boys to do anything which demoralizes their characters," said Deputy Wood, "and under it we are going to proceed. We are prepared to notify hotel proprietors in the state that boys under 21 years of age must not be allowed to serve drinks.

Russia has already over 41,000 miles of railway, and the Russian railways are still only in their infancy.

TODAY MARKS THE FAIR CLOSE

(Continued from Page One.)

ease. Charley Ward made a game fight but was bested, while Cross Grain failed to show the form necessary to compete.

The humorous feature of the day was the untrained race with fourteen entries: Billy, Dr. Wilkes, Little Mack, Della B. Judge Rastus, Mansfield, Captain Cook, Lizzie C., Captain Brooks, Billy the Kid and Prince Albert. The starters were divided into the pacers and trotters and tried out. After the shaking down Dr. Wilkes, Della B., Mansfield, Captain Cook and Lady Clara were judged the best, and were given the track. Della B. won the race with Mansfield second and Dr. Wilkes third. The best time was 1:18 1/2.

The races this afternoon consisted of the unfinished free-for-all pace at the following:

Free-for-all trot, best 3 in 5—Redwood, John Davis, Directum Baron, Henry Wilkes.

2:15 pace, 3 in 5—Arthur Boy Patchen Heart, Dick Patchen, Mable N., Ida B., Olie McKinney.

Five-eighths mile dash, running—Wyoming, Loretta H., Enrica, Red Robin, Zarape.

The exhibition of horses and colts was well attended yesterday, and the judges did not have a clinch in determining on the best. Seventeen colts were presented before Judge Charles Clark, of Keok, for his choice of the three-year-old class.

Mansfield, owned by B. L. Aubrey of Bandana, was given first prize, and Waddie Lee, owned by Tobe Scott, of Ballard county, was second.

In the event for the selection of the best colt, two years old, Dr. J. D. Rollins, of Hinkleville, selected Red Beam, owned by James M. Lang.

In the event for the best suckling colt there was a large list of entries but the colt of M. M. Tucker was judged the best and a colt of Todd Miller, of Benton was second.

For the best five-gaited saddle horse, mare or gelding, the blue ribbon was awarded to Rebel Dare, owned by James M. Lang, and second ribbon to Rex, owned by R. P. Glasscock, of Elizabethtown.

For the best registered harness stallion the ribbon was awarded to Kenwood Baron, owned by Tobe Scott, and John Davis, owned by James McFadden, of Mt. Vernon Ind.

In the event for the best registered saddle stallion to show five gait, Rebel Dare captured the ribbon and Kimpson, owned by Ben Frank, won the second ribbon. The prizes for the live pork were divided equally between F. L. Church & Son and J. D. Coffee.

The crowd yesterday was jolly, and the majority remained until darkness prevented the horses from going on the track.

Miss Edna Brooks was awarded the hat offered by Miss Zula Cobbs for being the most attractive girl on the grounds. Miss Brooks is a McCracken county girl and resides on rural route No. 4.

JOHN E. ROLLINS, Master

5¢ STOCK 222 NO STYLE INDEPENDENT CIGAR CO. BUILDERS

NEAR BEER MAKERS MUST PAY HIGH TAX

Decided Officially That They Are Liable for \$1,500 a Year.

Nashville, Tenn., Oct. 8.—It has been officially decided that near-beer dealers here are liable for a tax of \$1,500 per year each, the state, the county and the city each being entitled to \$500.

Pursuant to instructions received from James R. Jetton, of Murfreesboro, state revenue agent for Middle Tennessee, County Clerk P. A. Shelton will within the limits of the present week commence the collection of a state and county tax of \$1,000 per year from proprietors of stores where are sold near beer, beerette, neubru, etc. There is now due from each dealer payments for two quarters, or six months.

This tax was assessed on this class of merchants by the state revenue act passed by the last legislature, the bill being passed so as to raise a revenue for the state and county from all business enterprises of the state, but the application of the law, as referring to sellers of near beer, beerette and neubru, has never been enforced nor the tax collected.

The discrepancy was called to the attention of County Court Clerk

Shelton by Attorney General Jefferson McCarn about a month ago in the form of a letter, in which he gave it as his opinion that such proprietors were liable for the tax, despite the fact that they were and are now paying the \$7.50 state and county tax for operating their places. This small tax is the least amount assessed and is paid by all forms of firms doing business, but is meant to apply to such as candy stores, news dealers, etc.

In his communication Gen. McCarn called attention to this source of revenue which was being overlooked by the county officials, and suggested that immediate action be taken to collect the tax.

In an effort to put a stop to persistent frauds on wholesale dealers the Credit Men's Association of Chicago has started a movement for a "bulk sales" law in Illinois. The idea is to forbid merchants to sell their stocks as a whole on less than five days' notice to all creditors. A somewhat similar statute, passed in 1905, was declared void by the supreme court, but the credit men believe that they can draw a new one that will stand the test of the courts.

Grain dealers say there is no demand for wild oats.

LID ON SALOONS TO BE TIGHT

**ALDERMEN ORDER A STRING-
ENT ORDINANCE**

Brought In—All Saloons Must Be
Locked Tight From Saturday
Night Till Monday A. M.

DR. SIGHTS' CLAIM ALLOWED

Mayor Smith's appeal to the legis-
lative bodies of the city for an ordi-
nance for the rigid enforcement of
the Sunday closing law was heeded
by the board of aldermen last night
and on motion of Alderman Hank
Secord by Mr. Sherrill, the joint
ordinance committee was instructed
to bring in an ordinance compelling
all saloons to close down "tight"
from Saturday at midnight to 5
o'clock Monday morning and forbid-
ding entrance to the saloon by the
owner unless accompanied by a po-
lice man. The mayor appeared be-
fore the aldermen and in a brief
speech to the point he made his re-
quest.

He said he believed much good
would come of it and no harm done.
He said he believed that 90 per cent
of those having coffee house licenses
obeyed the law and was glad to
know that the city council had se-
lected good saloonkeepers, granting
them only licenses. But, he said,
there is a certain element of saloon-
keepers who have no regard for their
oaths, law, Sunday or decency, and
they should be put out of business.
He said there is no question that
the law was being constantly violated
by the recent cases of Sunday viola-
tions in the city court, and that it is
impossible to get any convictions, for
the class of people that frequent the
places are not going to "peach or
squeal" on the saloonkeepers. The
law has been adopted, he said, by
cities in Indiana and upheld by the
court of appeals of that state. He
said Paducah must have a tight Sun-
day and no whiskey selling.

"I believe I know everyone who
has been violating the Sunday law,"
he said, "and I shall endeavor to
convict them. I have suspected one
of my tenants of being guilty and if
I find any tenant violating the law I
will put him out and have his license
revoked." He said the better ele-
ment of saloonkeepers wanted the
lawbreakers put out of business and
the people ought to be protected and
the licenses of the guilty turned
down.

The ordinance asked for will cor-
respond to the ordinances of Indiana.
When a saloon is closed at
midnight on Saturdays it will have
to be closed "tight" until 5 o'clock
the following Monday morning,
which is the legal opening hour. Own-
ers will not be permitted to clean up
their places of business on Sunday
and cannot enter their shops unless
in company with a patrolman. A
violation means that the license will
be revoked and Mayor Smith pledged
his support and asked the co-opera-
tion of the general council in break-
ing of the utter disregard for the
Sabbath by some saloonkeepers.

Dr. Sights' Claim.
In what the city solicitor has said
would be illegal, the claim of Dr. H.
P. Sights, city health officer, was al-
lowed by strategy. The claim
amounting to \$283.50 was presented
and approved by the joint finance
committee and on a vote it was lost.
Members Lackey, Durrett, Potter and
Sherrill opposing it. Messrs. Hank
and Oehlschlaeger voted for the al-
lowance. Mr. Potter said he was
voting against it because the city sol-
icitor had said that it would be il-
legal to allow it. The question was
disposed with then, and there until a
few minutes before the board ad-
journing, when Dr. H. Stewart
came in. Then Mr. Sherrill made a
motion that the action of the board
in disallowing the claim be reconsid-
ered, which it was. When a vote

GRAY HAIRS BANISHED.

The old idea of using sage for
darkening the hair is again coming
in vogue. Our grandmothers used to
have dark, glossy hair at the age of
seventy-five, while our mothers have
white hair before they are fifty. Our
grandmothers used to make a "sage
tea" and apply it to their hair. The
tea made their hair soft and glossy
and gradually restored the natural
color. One objection to using such a
preparation was the trouble of mak-
ing it, especially as it had to be made
every two or three days on account
of its souring quickly. This objection
has been overcome, and by asking al-
most any first-class druggist for
Wyeth's Sage and Sulphur the public
can get a superior preparation of
sage, with the admixture of sulphur,
another valuable remedy for hair and
scalp troubles. Daily use of this
preparation will not only quickly re-
store the color of the hair but will
also stop the hair from falling out
and make it grow. It is sold by all
druggists for 50c, and \$1.00 a bottle,
or is sent direct by the Wyeth Chem-
ical Company, 74 Cortlandt St., New
York City, upon receipt of price.
For sale and recommended by W. J.
Gilbert.

was taken Mr. Sherrill voted for it
and with Dr. Stewart voting
for it it was allowed. Dr. Sights put
in the claim for work during the
smallpox epidemic in February. The
claim was refused some time ago but
taken up again by the finance com-
mittee and recommended for allow-
ance.

Finance.
The monthly report of the city
treasurer and auditor showing the
standing of the city's finances was
received and filed.

Accounts amounting to \$12,892.44
were allowed.

Redrafts.
An ordinance requiring all owners
of improved property in the city to
keep it clear of rubbish, trash, etc.,
was adopted. Mr. Durrett voted
against it.

An ordinance defining the duties of
the sexton of Oak Grove cemetery
was given first and second passages.
An ordinance providing for the
control and management of Oak
Grove cemetery and the appointment
of sexton by the cemetery committee
was adopted.

To protect Oak Grove cemetery
its graves, tombstones, and forbid-
ding entrance to the premises at
night, the board gave first and sec-
ond passage to an ordinance with
these and other restrictions.

An ordinance regulating burials
and disinterments in Oak Grove cem-
etery was given two readings.
An ordinance regulating fire pro-
tection at public buildings, factories,
office buildings and places of amuse-
ment was adopted.

Petitions.
A petition was read from property
owners on Meyers street, Mechanics-
burg, objecting to the immediate im-
provement of the street by construct-
ing concrete sidewalks. It was re-
ceived and filed.

To the street committee was re-
ferred a petition to have Brown street
in the Chamblin and Murray addition
graveled.

Miscellaneous.
The monthly report of Chief James
Collins, of the police department,
was received and filed.

The monthly report of Ed P. Far-
ley, meat and milk inspector, was re-
ceived and filed.

A deed to a lot in Oak Grove cem-
etery was granted Mrs. Ella Van de
Male.

Transfer of a lot in Oak Grove

cemetery was granted F. L. Scott to
O. B. Wheeler.
City Auditor Alex Kirkland was
authorized to turn over all the back
tax bills to B. M. Philley, delinquent
tax collector.

Mayor Smith was instructed to pro-
ceed in an effort to have Jackson
street opened to Guthrie avenue by
purchase or condemnation. An ap-
propriation has already been made
for the purchase of the property.

Present last night were: Durrett;

Hank Lackey, Potter, Oehlschlaeger;

Sherrill and Stewart. In the ab-

sence of President Hannan, Mr.

Lackey was made chairman pro tem

AEROPLANE IS NOT FOR WAR

ELECTRIC IMPULSE WILL BE WAR IMPLEMENT.

Of Great Value for Taking Observations—Electrical Appliances Will Be Weapons.

AIRSHIPS ARE FOR THE SPIES

New York, Oct. 8.—Lewis Nixon, shipbuilder, graduate of the United States naval academy and for several years one of the chief constructors of the American navy, flouts the theory that the airship in any of its forms will become a formidable war machine.

Instead Mr. Nixon believes that the death dealing terror of the war in the future will be the electric impulse launched against the ships of the enemy.

"I am convinced," said Mr. Nixon today, "that the thing that could be done now, but the mechanism is so crude that the thunderbolt or electrical impulse would kill the man who should release it as well as the enemy. It is possible, of course, that some foreign nation has already perfected the necessary machine with which to hurl this deadly bolt. I hope, however, that it has not done so. When the principle is mastered the result will be a war so horribly destructive that the human race, through the sheer force of nature's first law—self-preservation—will abolish war."

Continuing Mr. Nixon said: "The aeroplane is mainly interesting now on account of the fact of what may grow from it. Possibly we shall see numbers of them flying over and beyond armies to spy out positions and to cut communications.

Used for Observations. "For purposes of observation they will be of great use, though sight will soon be capable of transmission that both observations and orders can be accomplished by wireless in the near future. The helicopter, owing to its small dimensions, seems best adapted to such use, especially to be carried on men-of-war. Insofar as I can foresee, the dirigible, which will combine much of the aeroplane is now providing out, is the ship of the future.

"Count Zeppelin has already crossed the Alps and made long voyages against adverse conditions in all sorts of weather. His airship is bigger and more speedy than those of years ago and more speedy than those that are now crossing the ocean in record-breaking time. I look to see airships of the Zeppelin type half a mile in length. They will not come down to the earth any more than the Mauretania will anchor in a shallow stream, but will be anchored up in the air, possibly a thousand feet or more.

"Explosives will not be dropped down, as you could not hit a tug with an apple from the Brooklyn bridge, which is only 130 high. Electric guns will be used, of course, not heavy like our powder guns."

MRS. J. W. SHERRILL'S
Millinery Parlors,
312 Broadway.

Bettie Owen from Owen's landing. Kentucky from Riverton, Ala. Ohio from Bay City. Henry Harley from Cairo.

Today's Departures.

Kentucky for Metropolis. George Cowling for Brookport. Bettie Owen for Owen's landing. Ohio for Bay City. Henry Harley for Cairo.

River and Weather.

The stage this morning at 7 o'clock was 2.7 feet, being a fall of half a foot in 48 hours. This makes the lowest for the entire year. Weather clear and business light.

Miscellaneous.

The new steamer G. W. Hill is expected to reach St. Louis tomorrow morning. Much delay has been experienced by the boat on account of heavy fogs on the river.

The Bob Dudley did not arrive yesterday from Evansville and is expected today. She was last heard from yesterday evening when she was due to have left Tolu at 6 p. m.

The Kentucky got in from the Tennessee river at 2 o'clock this morning with a good trip and proceeded on to Metropolis to unload. She will return to this port early tonight and leave tomorrow evening at 6 o'clock for Riverton, Ala.

Leaving Memphis the Georgia Lee will enter the Memphis and Cairo trade next Tuesday and continue in the trade during the cotton season.

The City of Saltillo leaves St. Louis tomorrow evening for the Tennessee river. She was delayed 15 hours between here and Cairo en route to St. Louis by going aground.

The St. Louis Globe-Democrat of Wednesday says: Daniel Kewin, secretary of St. Louis harbor, No. 28, is in receipt of a letter from Mrs. Callie French, the famous showboat owner and only woman pilot on the Mississippi river, who has now retired from the river, acknowledging receipt of his notification that she had been made an honorary member of the harbor.

Mrs. French is living at Columbia, Ala. * * * Capt. William Kelly, one of the noted pilots on the river, is known for his musical talent. He is negotiating to purchase a costly guitar to entertain his friends with on the trip with President Taft from here to New Orleans on October 25.

Owing to the fact that the torpedo boat flotilla cannot run on the Mississippi river at night, it will not, as previously announced, escort the steamboat flotilla accompanying President Taft on his trip to New Orleans. The flotilla, according to Lieut. Mitchell, will only be able to appear with the steamboat fleet at the points where the president will stop. In all probability it will leave St. Louis sufficiently ahead of the steamboat fleet to make Cape Girardeau when the president arrives there. With a fair stage of water—as much water as the fleet came up the river in—the boats will do twenty miles an hour to Cairo, where it will again await the arrival of the president. So it will go all along the river to New Orleans. In a way, Lieut. Mitchell figures that this will be a good thing. "We will be able to entertain the crowds until the arrival of the 'great fleet,'" said he. According to the data kept by Capt. H. C. Partee, who was in charge of the flotilla from New Orleans up to Cairo, the average speed of the flotilla was fifteen miles an hour, twenty miles being attained at times.

THE FUNERAL OF FRANK JUDGE TOMORROW. The funeral of Frank Judge, of 420 Washington street, who died yesterday afternoon of tuberculosis, will be held tomorrow morning at 9 o'clock at the St. Francis de Sales Catholic church. Burial will be at Mt. Carmel cemetery, in the county.

Charlie, the 6-year-old son of Mr. and Mrs. Thomas Bell, residing at 631 Finley street, died at 3 o'clock yesterday afternoon after a congestive chill. He had many little friends. The funeral was held at 3 o'clock this afternoon at the residence, the Rev. J. R. Clark, pastor of the North Twelfth Street Baptist church, officiating. Burial was at Oak Grove cemetery.

NIGHT RIDERS AT CYNTHIANA. Force Residents to Extinguish Their Lights and Retire. Cynthiana, Ky., Oct. 8.—Last midnight a body of night riders passed through Claysville, Harrison county, and ordered all residents to extinguish their lights and retire. They made no other demonstration and their mission is unknown. They returned in two hours via the Milford pike with all their saddle blankets of white material.

Mrs. Hughes McKnight and children left today for Mobile, Ala., to join Mr. McKnight and spend the winter. They will visit Mrs. Will Sanders at Columbia, Miss., for two weeks en route to Mobile.

RAILROADS BUSY

NOW DOWN IN NEIGHBORHOOD OF METROPOLIS.

Round House and Repair Shops Will Make the Town an Important One.

The C. B. & Q. have several construction companies at work on their right of way, leaving the track of the C. & E. I. near Indian Point in Johnson county in a southeasterly direction across the bottoms to Metropolis city, says the Joppla Enterprise.

The C. B. & Q. will erect a round house and build a very large dam at the foot of a ravine located on the what is known as the Dr. Willis farm just west of the city. This dam will form a reservoir for the three railroad companies at this point when the car shops will have been erected which will be very near this reservoir. Machine shops will be erected at this point and as a matter of fact the C. & E. I., the C. B. & Q. and the Wabash will each be jointly interested in the erection of car shops round house and machine shops which will be erected at Metropolis.

The C. & E. I. will begin work in construction of their lines from Joppla to about two miles east making connection with the C. B. & Q. at a point which is known as the Al Akins farm. The two companies have purchased a large mountain and cliff of lime stone rock from Main Bros. near Cypress. They will crush and use this rock for ballasting purposes.

The C. B. & Q. will use the C. & E. I. line into Joppla, and also over to their new line at the Akins farm. These three companies, or at least the C. B. & Q. and the C. & E. I. will jointly build a bridge across the Ohio river at Metropolis as soon as their new lines are completed. A large number of acres of land lying on the northwest and west sides of Metropolis will be used as switch yards. A large net-work of switches will be built on same and when completed the companies will station yard masters for both day and night service operating the several switch lines by telephone. A union station will be erected at Metropolis, and it is said that the I. C. would be interested in the construction of the same and also would take stock in the building of the bridge.

The C. & E. I. has stored, on their yards in Joppla about enough rails to extend their part of the road to the above mentioned place.

Metropolis city has a number of the leading plants and one of the largest of its kind in the world. Metropolis is a very desirable place to live, having all of the modern conveniences of any city of its size.

Its schools are second to none in the state, having turned out a number of young men and young women who are today filling with credit to themselves, their parents and their city, some of the most important positions in the state.

B. S. OVERSTREET DIED YESTERDAY AT 1:30. Mr. B. S. Overstreet, a well known and respected citizen of Paducah, died at 1:30 o'clock yesterday afternoon at his home, 1231 Jefferson street, of tuberculosis of the bowels. The duration of his illness was from March 27. Mr. Overstreet was 57 years of age and was born in Ballard county near Lovelaceville, coming to this city eight years ago. He was a member of the Methodist church and of the Tribe of Ben Hur lodge. He is survived by his wife, Mrs. Ida Overstreet and three children, Mrs. Ida Overstreet and three children, Mrs. Ruby Rudolph, of this city, Mr. Montana Overstreet of New Albany, Ind., and Mr. J. T. Overstreet of Newark, O. He also leaves three sisters and two brothers, Mrs. Mollie Fisher and Mrs. Emma Sanders, both of Bardwell, Mrs. Hattie Powell, of Keokuk, Mr. John Overstreet of Paducah and Mr. A. W. Overstreet, of Ballard county.

The funeral was held this afternoon at 2:30 o'clock at the residence, the Rev. T. J. Owen, pastor of the Third Street Methodist church, officiating. Burial was at Oak Grove cemetery.

COUNTERFEITER CONVICTED. Made Silver Dollars to Keep From Starving—Got Two and a Half Years. Cincinnati, Oct. 8.—United States District Judge Sater sentenced William B. Pettus, after the latter, charged with counterfeiting, had pleaded guilty before him Thursday afternoon and told the story of his misfortune, to serve two and a half years in the Leavenworth penitentiary. Pettus had been from a central Kentucky town and admitted that he had made moulds and counterfeited silver dollars in a boarding house on Central avenue last winter "to keep from starving."

PEARY GOOD TO MEN.

Did Everything to Make Their Lot Easier—Party Worshipped Him.

Freeport, Me., Oct. 8.—"Commander Peary loved his men and time and time again went out of his way to help them over rough places, doing anything he could to make their lot easier, and the members of

his party fairly worshiped him."

This was the answer of Prof. Donald B. McMillan, a scientist with the Peary polar party, who arrived at his home here today, to a query about intimations attributed to Dr. F. A. Cook that Commander Peary was cold and unsympathetic toward his assistants.

COLE'S HOT BLAST

Wonderful Heater and Fuel Saver

For Soft Coal, Lignite or Hard Coal

Cost of Stove Saved in Fuel

Shows Stove Burning Soft Coal

As you know one-half of soft coal is gas—the entire gas supply for many cities and towns being made from the same kind of soft coal you are using. The extent of unburned gases in hard coal is shown by opening the magazine cover of a gas burner when the extra oxygen supplied fills the entire stove with flaming gas. Other stoves allow this gas, which is the best part of the coal, also a large part of the heat, to pass up the chimney. This waste will average from \$10.00 to \$50.00 a year for every family and millions of dollars in fuel are thus wasted annually.

The Original Cole's Hot Blast Stove Saves All Wasted with Other Stoves

Cole's Original Hot Blast, by means of the Patented Hot Blast draft used in connection with other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal.

On account of the patented air tight and gas tight construction giving perfect control over the drafts, it also saves the heat usually wasted up the chimney.

\$5.00 worth of hard coal, soft coal or lignite, or a \$1.50 ton of slack or coal siftings is thus made to do the work of twice the amount of fuel in other stoves and the cost of the stove is more than saved in fuel each winter. \$7.50 worth of slack will heat your house all winter, five tons at \$1.50 a ton does the work

Build only One Fire a Winter

Cole's Hot Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the hard coal or soft coal put in the night before. No other stove does this. Fire, therefore, never goes out, kindling fires is dispensed with, and the rooms are kept at an even temperature all the time.

Read the Guarantee. We are the exclusive agents for Cole's Original Hot Blast and sell it on the accompanying guarantee which cannot be made on any other heating stove in the world. If you want to save half your fuel bill and would enjoy the luxury of getting up in a warm house on cold winter mornings without kindling fires, buy Cole's Original Hot Blast now.

Avoid Imitations

Imitations of this Original Hot Blast are many. None of them has the absolutely air-tight and gas-tight construction throughout which Cole's Hot Blast has by reason of its numerous patents. A Patented Steel Collar connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The Patented Compound Hinge on the lower draft cannot warp, and the draft door closes air-tight by its own weight. The guaranteed Smoke-proof Feed Door prevents smoke, dust or gas escaping when fuel is put in the stove

Imitations upon seams and cracks which spoil them for keeping fire and cause the gas half of the coal and much of the heat to escape up the chimney.

See the name "Cole's Hot Blast from Chicago" on the feed door of our stove. None genuine without it.

Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way.

Remember, we are the only dealers here selling Cole's Original Hot Blast—the name COLE'S on feed door.

F. N. GARDNER, JR., CO.

COAL! COAL! COAL!

perience of ten years, handling coal from every mine accessible to Paducah, TAYLOR COAL has given the best satisfaction, and, as the consumer is the best judge and the one to please, we have decided to handle no other. Never clinkers; no slate, no slack; burns to a fine white ash and will beat any coal in the world for holding fire all night. We have found it the best, those that tried it found it the best, if you try it you will find it the best, and have no other. Be sure and get our prices before buying.

Now is the time to place your coal order for the winter. And every coal dealer will tell you his is the best. Unlike other dealers, we are not under salary or contract to sell coal from any one coal mine and to tell you it is the best; but an ex-

Health and Vigor

MISS EDNA BUCKLER.

Miss Edna Buckler, a Prominent Young Lady of Evans, Ill., Praises Duffy's Pure Malt Whiskey for Restoring Her to Health and Vigor After Being Very Weak and "Run Down"—She Recommends It to All in Need of a Tonic Stimulant That Makes the Old Young and the Young Energetic and Vigorous.

Miss Buckler recently wrote: "I was very weak and run down, had no life or energy, was very much in need of something that would tone up my system and enrich my blood. On the advice of friends I began taking Duffy's Pure Malt Whiskey, and it immediately put new life into me. I feel wonderfully better, and would advise any one needing a tonic stimulant that will make them strong and vigorous to take Duffy's Pure Malt Whiskey. Every testimonial is published in good faith, and is guaranteed."

Men and women in all walks of life testify to the great good derived from the use of Duffy's Pure Malt Whiskey, the world's greatest tonic stimulant.

Duffy's Pure Malt Whiskey

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in large sealed bottles only—never in bulk. Look for the trademark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00. Write Consulting Physician, Duffy Malt Whiskey Co., Rochester, N. Y., for free illustrated medical booklet and free advice.

FARMERS TAKE AUTO JUNKETS

Grangers Use Touring Cars Instead of Prairie Schooners.

The farmers of Kansas who own motor cars, and they are particularly heavy buyers, perhaps get as much or more pleasure out of them than anyone else.

In the past when Kansas farmers desired to visit relatives or friends at a distance and wished to combine a pleasure trip with it, they fitted up a prairie schooner with all the necessary cooking and sleeping paraphernalia and made the journey by short stages.

Today not only the wealthy owners of motor cars in the city take their vacations with the car, but even the humble farmers have caught the fever and motor to their friends 100, 500 and sometimes more miles away. It is not always the enthusiastic young man, either, who indulges in the luxury of a motor car.

There passed through the town of Colby a few days ago W. J. Varner, who with his wife, was making the trip from Pratt to St. Francis in a touring car.

Pratt is near the south line of the state and a little west of the center and St. Francis, Cheyenne county, is in the extreme northwestern part of the state, so that they had traveled between 300 and 400 miles to reach their friends in Cheyenne county.

"I believe I am entitled to drive a motor car," said Mr. Varner, "because I came to Kansas and first located in Grant county in 1884. The methods of transportation then differed considerably. They then came with ox teams, and some of them with one horse or mule and one ox, which made a queer looking procession, unless you were somewhat used to it. Yes, I am a farmer, and I have been down in Pratt county since 1894. I have never been over this road before, which makes it all the more interesting to myself and wife. We have been making very good time, but we are in no particular hurry."

Mr. Varner had on his rough working clothes, and his wife wore a big striped apron and sunbonnet. The tourists evidently were out for

enjoyment and not for style. Bidding adieu to the correspondent, after having posed for a photograph, Mr. Varner resumed his journey to the west, where there are many stretches of country where he would travel for miles without seeing any houses, but the main roads are well traveled, and Mr. Varner said in leaving, "We will get to St. Francis tonight."

Thus the motor car replaces the horse on the roads and in the hearts of western Kansas farmers.—Kansas City Star.

TOOK BLAME ON HIMSELF TO SAVE HIS MOTHER

But Boy Later Declared He Had Not Killed His Father.

Sydney, Neb., Oct. 8.—Anton Krupnick was a wealthy farmer living a few miles from Sydney. On the night of June 29 he arose from his bed, got a drink of water and sat down at the kitchen table. While sitting there a bullet from a rifle was fired into his right temple, producing almost instant death.

Mrs. Krupnick telephoned the sheriff here that robbers had entered the house, stolen \$700 and then killed her husband. The money and the rifle were found wrapped in Mrs. Krupnick's apron and buried near the stable.

She was arrested, charged with murder. Yesterday in court Andrew, her fourteen year old son, testified that it was he, and not his mother, who shot his father. After the boy was sentenced to imprisonment for life the case against the mother was dismissed. Then the boy told the sheriff that he was not guilty, notwithstanding his "confession."

"What sort of a role does Rounder take in the new drama?" "An emotional one. In the big scene he is offered a drink which he has to refuse."—New York Press.

Why do you call him effeminate? He never knows when he's said enough.—Detroit Free Press.

And many a crooked path has led into a straight-jacket.

WHERE IS THE OLDEST TREE?

Many in America Show Signs of Extreme Age by Growth.

The most ancient living thing on earth is a tree. Exactly where that tree stands is a mooted question, for many localities lay claim to it; but there have been scientists curious enough to investigate the various claims, and we can probably arrive at a pretty exact result by a few comparisons, says the New York Times.

Recently somebody has put forth the claim of the so-called "Old Green Tree of the Mississippi Valley," which stands near the river in Le Claire, Iowa. Its trunk is more than 100 feet in circumference, and its branches shade a circle of more than 300 feet. It was an ancient tree when the first white man stood under its branches, and has a place in the traditions of the Indian tribes of the Mississippi valley dating back long, long before the first white face was seen on the shores of the western world.

There are certain yews in England that were stalwart trees when Caesar landed on her shores. More than a century ago a scientist named DeCandolle proved to the satisfaction of botanists that a certain yew standing in the churchyard of Fortingal, Perthshire, was more than 2,500 years old at that time.

Humboldt refers to a gigantic baobab tree in Central Africa as the oldest organic monument in the world. This tree had a trunk 29 feet in diameter, and Anderson, by a series of careful measurements, demonstrated conclusively that it had lived for not less than 5,150 years—and it lives today. But even Humboldt was wrong in his premise. It has recently been proved that there is a tree in the new world which, of a verity, has lived to "a green old age," for it antedates the scriptural flood about 2,000 years.

This is a cypress tree standing in the province of Chapultepec, Mexico with a trunk 118 feet and 10 inches in circumference. This has been shown to be (as conclusively as these things can be shown) about 6,260 years of age. Nor is this so remarkable when one stops to think that given favorable conditions for its growth and sustenance the average tree will never die of old age. Its death is merely an accident. Other younger and more vigorous trees may spring up near it, and rob its roots of their proper nourishment; insects may kill it; floods or winds may sweep it away, or the woodman's ax may fell it. If no such accident happens to it a tree may flourish and grow for century upon century and age upon age.

At a baseball game in Chicago the gatekeeper hurried to Comiskey, leader of the White Sox, and said: "Umpire Hurst is here with two friends. Shall I pass 'em in?" "An umpire with two friends?" gasped Comiskey. "Sure!"—Everybody's.

We wouldn't give the hole in a doughnut for the knowledge of the man who thinks he knows it all.

CHILD ATE AN ENTIRE BOX OF CUTICURA

Spread on Some Crackers—Not the Slightest Injury Resulted from Little Fellow's Escapade—In Most Positive Way Ingredients of

CUTICURA PROVEN PURE SWEET AND HARMLESS

A New York friend of Cuticura writes the following interesting letter:—"My three year old son and heir, after being put to bed on a trip across the Atlantic, investigated the state-room and located a box of graham crackers and a box of Cuticura Ointment."

"When a search was made for the box, it was found empty and the kid admitted that he had eaten the contents of the entire box spread on the crackers. It cured him of a bad cold and I don't know what else."

No more conclusive evidence than the above could be offered that every ingredient of Cuticura Ointment is absolutely pure, sweet and harmless. If it may be safely eaten by a young child, none but the most beneficial results can be expected to attend its application to even the tenderest skin or youngest infant. This feeling is shared by mothers and nurses to such an extent that Cuticura Soap and Cuticura Ointment have for many years been unhesitatingly used throughout the civilized world for preserving, purifying and beautifying the skin, scalp, hair and hands of infants and children from the hour of birth. And greater still, if possible, is the confidence reposed in Cuticura Remedies for the treatment of disturbing and disfiguring humors of the skin and scalp. The suffering which they have thus alleviated among the young and the comfort they have afforded worn-out and worried parents have led to their adoption in countless homes as priceless agents in the speedy, permanent, safe and economical treatment of infantile and birth humors, eczemas, rashes, irritations, inflammations and chafings, and other itching, scaly and pimply humors when all other remedies suitable for children fail.

Cuticura Remedies are sold throughout the world. Depot: London, 27, Charterhouse Sq.; Paris, 6, Rue de la Paix; Australia, 10, Queen St.; South Africa, 10, Market St.; Cape Town, East London, etc.; Russia, 10, Tverskaya St.; Japan, 10, Ginza St.; U. S. A., Potter Drug & Chem. Corp., Sole Mfrs., Boston.

LIFE AT CAPITAL AN EDUCATION

MANY ADVANTAGES FOR RESIDENTS OF WASHINGTON.

SINCE AMERICA BECAME A WORLD POWER.

Washington, D. C., Oct. 6.—There is no gainsaying the fact that to live in the capital of the United States is a liberal education. This is borne more in mind when, in the course of summer travel, one visits other cities, where the atmosphere is purely local. The presence of prominent and near prominent men of national fame, of diplomats of reputation, of visiting celebrities, from the four corners of the earth, and it's a rare day "whose low descending sun" sees no visitor of some sort within this city's gates, very frequently the list includes scions of royalty, as well as prize fighters and base ball magnates—all are given the glad hand, and their presence tends to give this city beautiful a distinct attractiveness that even the most cosmopolitan of other American cities lack, and the lazy leisure of a non-business city impresses visitors with the alluring charm alone possessed by Washington of all American cities—not to mention the attractions of its grand and magnificent public buildings, with their beautiful setting of circles and parks.

Since the United States has come to the fore as a world power, and the other nations of the earth had their eyes opened to that fact by the Spanish-American war, the national capital is no longer considered, as in years gone by, an undesirable post from a diplomatic point of view, and young secretaries no longer scorn it as a poor place for advancement, and there's always the chance of their meeting an American heiress willing to restore their impoverished "fortunes." But there is nothing doing socially yet in the capital, with the president gone a visiting "out west" and the cabinet members still lingering in their summer homes, and the majority of diplomats and society folks generally over in New York having "the time of their lives" at the Hudson-Fulton celebration. But there are great preparations being made for the return of all of them.

Over on capital hill the dirt has been flying, where they are installing a big heating plant that is intended to heat the capitol, the senate and house office buildings and the library or congress, and another

big building they are going to build for the supreme court, some day. At the white house, the president's new office building is near completion, and the rest of the executive mansion has been done over all spick and span for the president and family when they return to Washington from the various places they are now scattered around in.

The big gold "Saint Gaudens" eagles have been hoisted on to their big columns over at the union station, and the large gray stone fountains are being put together, and while there has been no perceptible work done on the grand plaza around the union station, things are getting a bit more into shape, and the visitor to Washington does not now think he has landed in the rubbish heap of a vast incompleteness, but instead can step into a street car or auto cab, and be whirled away to any part of the city in the twinkling of an eye—or three shakes of a sheep's tail.

It too expensive, doctor. With extraordinary care—do not make. Farmer's Wife (as the doctor labors rectly). Doctor—I shall diagnose his case directly. Farmer's Wife—What is the matter with my husband anyway?

The busy bee is all right in his way, but keep out of his way.

Would the chiroprapist be able to make good in a corn field?

Cures Baby's Summer Ills—FREE

The mother should watch her baby very carefully these hot days. If it refuses to play and to eat, if it is peevish and crying, look to the action of its bowels, for there lies the basis of health. Be careful of its diet. The food and water are germ laden. The fruit is too often over-ripe or unripe. If it has any indication of sickness, either in the form of constipation or diarrhea, give it a reliable tonic laxative like **DR. CALDWELL'S SYRUP PEPSIN**. This remedy is a standard in thousands of American homes for just such purposes. It is a favorite with children because its taste is pleasant, and it never grieves. It is the one remedy best suited to the cure of constipation, indigestion, liver trouble, biliousness, sick headache, summer complaint, etc. It is equally as good for grown people, and we know thousands who no longer use strong salts, purgative waters, tablets, pills and such things, but take the surer, more gentle and pleasant **DR. CALDWELL'S SYRUP PEPSIN**. It can be obtained of any druggist at 50 cents or \$1 a large bottle. The entire family can use it, and as these ailments arise suddenly the head of the house should see to it that a bottle of **DR. CALDWELL'S SYRUP PEPSIN** is always at hand.

Those who have never yet used **DR. CALDWELL'S SYRUP PEPSIN** and would like to make a test of its value, by sending name and address to the publisher, will receive a FREE SAMPLE BOTTLE either for themselves or any member of their family. The sample will be sent to your home free of charge. In this way you can find out what it will do without cost. Also, if the case presents difficulties that doctors and other remedies seem unable to overcome, write a letter to Dr. Caldwell explaining how the person suffers and he will give you his best MEDICAL ADVICE, based on his many years of experience in stomach, liver and bowel diseases, without charge. Women who have children should send for "MOTHER'S ASSISTANT TO NUTRITION," containing the doctor's advice on diet, hygiene, etc., in hot weather—a very important subject. The address is **Dr. W. B. Caldwell, 507 Caldwell Bldg., Monticello, Ill.**

SCHOOL FOR AVIATORS.

BRASS BAND IN CHURCH PAYS

The Rev. P. H. Barker of Maywood Gets Increase in Salary as Result of Innovation.

"A brass band pays," remarked the Rev. Percival H. Barker last evening, after his congregation, by a unanimous vote offered him the pastorate another year and increased his salary \$500.

Mr. Barker is pastor of the First Congregational church of Maywood and caused considerable comment last June when he organized a brass band to play at the Sunday services. Several pastors of other churches condemned the innovation, and predicted that the minister would lose his pulpit.

Mr. Barker introduced the band feature to prevent the falling off of attendance during the summer months. It still plays occasionally.

ORDERED AWAY FROM TRENTON

Manager of Cumberland Telephone Company Receives Anonymous Letter.

Trenton, Ky., Oct. 8.—The Cumberland Telephone company has received three anonymous letters, mailed at this place, asking for the removal of one of that company's local managers at Trenton, G. W. Kepling.

The first two letters are signed "Citizens and Subscribers," and says Mr. Kepling is a "first class gentleman and No. 1 manager, but he can not stay in Trenton."

The third letter comes stronger and notifies the company that if said manager remains here it will be at the risk of his life and the destruction of the company's property. This letter is signed "Night Riders of Todd County," and six days are given the company in which to act.

Mr. Kepling came here from the Cumberland exchange at Hanon, Ky., six weeks ago, is a man of family, has conducted himself to all appearances becomingly and is at a loss to account for the dissatisfaction expressed.

BLUEBERRIES BRING IN RICHES

Crop in One Maine County Annual Source of Gain.

This is "blueberry time" in Washington county, Maine. Throughout the 150,000 acres of "blueberry barrens" are hundreds of persons engaged in picking the berries. Men, women and children strip the hardy little bushes in almost equal proportions. To them the season means a revenue of about \$30,000. With many this is one of the factors of their annual existence. An average of \$20 is gained by each of the 1,500 persons occupied. They work on a percentage basis.

Much of the product of their toil is turned over to the canning factories, there to be prepared for consumption during the months when blueberries are not in season and in those places where the luscious berries do not grow. One of these factories has a daily capacity of 700 bushels. It does not start operations until a great quantity of berries has been accumulated. Two weeks usually disposes of the yield, the portion of which this factory consumes being about 7,500 bushels. There are about half a dozen such large factories.

Most of the land devoted to blueberry raising in Maine is included within Washington county. Here nearly 250 square miles of foothills and plains are covered with the little shrubs, which in the latter part of July and early August of each year are plucked of their sought-for fruit. From all over the country the variegated army of pickers come. Entire families give over a fortnight to the work and return with \$100 sometimes. While much of the berries are turned over to the canners, a quantity is packed for sale in the markets of the large cities. Boston receives a quantity of its blueberries from here.—Boston Record.

Up Before the Bar.
N. H. Brown, an attorney, of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For Chills, Constipation, Biliousness or Sick Headache they work wonders. 25c at all druggists.

Two Sides to Everything.
A little boy was given too much underdone pie for his supper and was soon roaring lustily.
His mother's visitor was visibly disturbed.
"If he was my child," she said, "he'd get a good sound spanking."
"He deserves it," the mother admitted, "but I don't believe in spanking on a full stomach."
"Neither do I," said the visitor, "but I'd turn him over."—From Success Magazine.

The Evening Sun—10c a Week.

MOTHER SHIPTON'S PROPHECIES.

Carriages without horses shall go. And accidents fill the world with. Around the world man's thoughts shall fly.

In the twinkling of an eye. How strange; but yet they shall be true.

The world upside down shall be. And gold be found at the root of a tree.

Through hills man shall ride. And no horse or ass be at his side. Under water men shall walk. Shall ride, shall sleep, shall talk. In the air men shall be seen. In white, in black, in green. Iron on water shall float. As easily as a wooden boat. Gold shall be found and shown. In lands now not known. England shall at last admit a Jew. And fire and waters shall wonder do. The world to an end shall come. In 1881.

Martha Shipton was born in Ursula, though some say Agatha. Son-thiel, about 1488; married an artisan named Toby Shipton, settled near York, England, and started prophesying, dying about 1561. Her prophecies were regarded as pure fiction, being put in shape from time to time by scribes for commercial purposes. The accepted version given above is said to have been the work of one Charles Hindley, and was published about 1862 and, as related, "caused great anxiety" to many persons who expected the end of the world in 1881.

Swept Over Niagara.

This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current—Nathan's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention. If you would escape fatal maladies—Dropsy, Diabetes or Bright's disease. Take Electric Bitters at once and see Back-ache fly and all your best feelings re turn. "After long suffering from weak kidneys and lame back, one \$1.00 bottle wholly cured me," writes J. R. Blankenship, of Belk, Tenn. Only 50c at all druggists.

The revenue of the commonwealth of Australia for the last financial year was \$71,750,000, a decrease of \$3,325,000.

NEW CLUB FOR REELFOOT.

Everything Will be in Readiness for the Duck Hunting Season.

Hickman, Ky., Oct. 8.—Carpenters are this week finishing a new club house at Walnut Log, on Reelfoot lake, for Marvin Hughitt, president of the C. & N. railroad; W. D. Cantillon, general manager of the C. & N. railroad; Joe Cantillon, the base ball magnate, and S. L. Dodds, capitalist and planter, of Hickman. The new club house will cost \$2,500 when completed, and contains eight rooms, with all modern conveniences and comforts. More than necessary precaution has been taken in the construction of the building. It is eight feet above the high water places it above the high water should there be a break in the levee or other unforeseen accidents. New carpets, new furniture, etc., are now at the depot waiting to be sent to this sportsman's retreat, and the house will be handsomely furnished. Everything will be in readiness for the duck shooting season, which will open shortly, and these gentlemen, with their friends, will find their investment a source of much pleasure.

Straight Talk to Stage-Struck Girls

That gives the stage six thousand girls a year, says Paul Armstrong in Success Magazine. Of course they do not all get on, but they try. Eliminating at once those who aim at the musical comedy stage, we come to those who "want to act."

As to preparation, study, voice or physique, they seldom take thought. They are restless, idle and vain, and they know, because they once recited the "Wreck of the Hesperus" or "The Death of Little Jim," that they "have talent."

Of course, some one has told them. Some idiot of a man or fool woman has breathed into their ears that poisonous query. "Why don't you go on the stage?"

And that has settled it. The girl begins to talk of it, dream of it, read about it, think it over, worry her folks until they—likely for self-protection—say, "Go!"

And then we get her. "Dearest, I've dropped my \$1,000 diamond ring down the bath pipe. You must send for a plumber." "No—I'll buy you another ring; it will be cheaper."—New York Evening Telegram.

When the mosquito begins to sing it is time to put up the bars.

WE AIM TO PLEASE

You so well with our livery service that you will employ it again and often. One of the ways we take to make our charges so reasonable that you will not deprive yourself of the pleasure of a drive on account of the expense. Suppose you take one today if the weather permits.
